Product Description

Dental E-Max Crown

ADS China Dental Lab offers Dental E-Max Crowns, renowned for their superior esthetics and exceptional strength. Ideal for a variety of dental restorations, these crowns provide long-lasting durability while maintaining a natural-looking appearance.

Advantages

Excellent Esthetics with Natural Translucency: Mimics the translucency and color of natural teeth, creating seamless and beautiful smiles.

Exceptional Strength and Durability: Can withstand the forces of chewing and grinding, ensuring long-lasting performance for both anterior and posterior restorations.

Versatile for Various Types of Restorations: Suitable for single crowns, veneers, inlays, onlays, and full-arch reconstructions.

Minimal Tooth Preparation: Preserves more of the natural tooth structure, promoting long-term oral health.

Biocompatible and Well-Tolerated: Minimizes the risk of adverse reactions or sensitivities.

Key Features

Esthetic Excellence: E.Max restorations offer lifelike and natural-looking aesthetics.

Exceptional Strength: Despite their superior esthetics, E.Max crowns are remarkably strong and durable.

Versatility: Suitable for a wide range of restorations and customizable to meet specific patient needs.

Minimal Tooth Preparation: Conservative approach preserves natural tooth structure.

Biocompatibility: Well-tolerated by patients, ensuring safety and comfort.

Indications

Single crowns

Veneers

Inlays and onlays

Full-arch reconstructions (with proper case selection)

Considerations

Proper shade selection and communication with ADS China Dental Lab are crucial for achieving optimal esthetics.

Case selection and clinical evaluation play significant roles in determining the suitability of E.Max for specific restorative needs.

Trust ADS China Dental Lab

Choose ADS China Dental Lab for your Dental E-Max Crowns and experience the perfect blend of esthetics and durability.

Our advanced technology and skilled technicians ensure each restoration meets the highest standards of quality and precision. Enhance your smile with our E-Max Crowns, designed to provide long-term satisfaction and oral health.
